Heat tolerant

Begonia Interspecific Bowler

- Vigorous, bronze leaf Begonia with large flowers and a unique, branched and mounding habit.
- Bit more compact than Tophat
- Ideally suited for landscaping and hanging basket production, yet versatile enough to also work in large packs.
- Chocolate-bronze foliage contrasts beautifully with large, bright white flowers.

Forms: Pelleted

Habit: Mounded

Garden Dimensions: 40-50 cm W x 30-45 H

Key Competitors

syngenta flowers

Catharanthus Cora Cascade

THERE'S NONE OTHER LIKE IT.

- The only trailing vinca powered by high levels of resistance to multiple strains of aerial Phytophthora.
- The mounded, spreading habit is ideal for summer baskets, mixed containers, and large landscape beds.
- F1 hybrid uniformity and vigor build a premium package not found in other trailing vinca.
- Large, high quality flowers completely cover plants creating blankets of color lasting all season long.

Catharanthus Cora XDR

THE VINCA THAT FIGHTS BACK.

- Reduced Risk: offers season-long flowering and survival in landscape plantings. Highly resistant to ten of the most virulent isolates of *Phytophthora nicotianae* that cause *Phytophthora* blight on annual vinca.¹
- Easier to grow: improved branching, uniformity, and floriferousness ideal for premium packs and small to larger pots.
- Higher consumer appeal: large showy flowers in the widest range of solid and high demand bicolor patterns of any disease resistant vinca on the market.

ENDLESS BLOOMS. ALL SEASON LONG.

- The next generation of sunflower offers nonstop blooming and continuous flowers all season long.
- This facultative long day plant with fast crop times is well-suited for late spring and early summer.
- Extends the retail season with a premium product offer, ideal in 14 cm and larger containers for landscape use or in larger patio pots.
- Provides extended shelf-life compared to short-lived regular pot sunflowers that cannot be sold after first flower.
- Multi-blooming plants allow home gardeners the opportunity to cut and enjoy flowers indoors as well as in the garden.
- Resistant to many of the most devastating races of downy mildew that infect sunflowers in the garden.
- Complete branding package available to support and drive retail sales.

Petunia Spreading FotoFinish

FASTEST TO THE FINISH.

- The most uniform spreading petunia series with perfectly matched plant habits and flower timing.
- Extra early flowering and reduced day length sensitivity provide programmable flowering in 9-10 weeks from sowing.
- Mounded and branching habit is ideal for high density growing, holds better at retail and provides faster garden fill due to the need for fewer PGRs in production.
- Extremely free flowering with masses of color all over the plant for high impact retail and long lasting garden displays.

Viola cornuta Penny

THOUGHTFUL GROWERS GROW PENNY.

- Early flowering and uniformity across a wide range of colors make Penny suited for high density production in packs and small pots for both fall and spring.
- Tightly branched and non-stretching habit under warm conditions offers longer shelf life and reduces the need for PGRs.
- A multitude of flowers creates long-lasting landscape displays, and a strong root system ensures reliable overwintering performance.

Forms: Raw, PreNova® 2.0

Habit: Mounded

Garden Dimensions: 10-15 cm W x 10-15 cm H

Viola w. (Pansy) Delta Speedy

COLOR WHEN YOU NEED IT MOST.

- Offers reliable and programmable production with near day-neutral flowering. Ideal for winter flowering early spring production.
- Efficient to produce with reliably fast crop times and a tight bloom window even under short day conditions.
- Like the rest of the Delta assortment, plants sport masses of large, upward facing blooms with strong weather tolerance for long lasting retail and garden displays.

Forms: Raw, PreNova® 2.0

Habit: Mounded

Garden Dimensions: 15-20 cm W x 10-15 cm H
